DETAILED ACTION

Allowable Subject Matter

Claims 6 and 8-13 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 6 and 9:

The primary reason for the allowance of claims 6 and 9 is the inclusion of reference capacitance, transistor capacitance and element capacitance definitions and relationships together as claimed. It is these features found in the claim, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Regarding claim 8:

The primary reason for the allowance of claim 8 is the inclusion of reference capacitance, transistor capacitance and object capacitance definitions and relationships together as claimed. It is these features found in the claim, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Regarding claim 10:

The primary reason for the allowance of claim 10 is the inclusion of the signal amplification element being formed of a MIS type thin film semiconductor device for signal amplification, including a gate electrode, a gate insulating layer and a semiconductor layer; and a

part of a drain region and a part of a gate region of the MIS type thin film semiconductor device for signal amplification forming an overlapped portion via the gate insulating layer, and an overlapped portion forms the reference capacitor. It is these features found in the claim, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

Claims 11-13 are allowed due to their dependency on claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
